

1991 State and Federal Survey

*National Association of
Secretaries of State
Administrative Codes and Registers Section*

*Prepared by:
Office of the Secretary of State
Texas Register Division
P.O. Box 13824
Austin, Texas 78711-3824
(512) 463-5561*

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is crucial for ensuring the integrity of the financial statements and for providing a clear audit trail. The text also mentions that proper record-keeping helps in identifying any discrepancies or errors early on, which can be corrected before they become more significant.

2. The second part of the document focuses on the role of internal controls in preventing fraud and misstatements. It highlights that a strong internal control system is essential for protecting the organization's assets and ensuring that management's policies and procedures are followed consistently. The text also notes that internal controls provide a framework for monitoring and evaluating the performance of the organization's operations.

3. The third part of the document discusses the importance of transparency and communication in financial reporting. It states that providing clear and concise information to stakeholders is key to building trust and confidence in the organization's financial performance. The text also mentions that transparency helps in identifying areas for improvement and in making more informed decisions.

*Administrative Codes and Registers
State and Federal Survey*

INTRODUCTION

This Survey updates the information contained in the 1990 State and Federal Survey and is current as of January 1, 1992. Each state and jurisdiction is represented, although a few states did not send in information for 1991. For these states, the 1990 information appears here.

Arrangement is alphabetical by state or jurisdiction. A table of contents follows this introduction.

Each jurisdiction is asked to carefully examine the information contained in this Survey. If errors are found, please report them as quickly as possible.

Requests for copies of this Survey should be directed to the address shown below. Copies are \$40 each in order to cover publication costs. Any questions concerning the information in this Survey may also be sent to the address below or to the offices within the various jurisdictions.

THE NATIONAL BUREAU OF STANDARDS

DEPARTMENT OF COMMERCE

Washington, D. C.

1917

Standard for the Measurement of

Temperature

Standard

The following standard is adopted for the measurement of temperature in the United States and its territories and possessions, and is hereby made a part of the laws of the United States.

The standard is based on the International Standard for the Measurement of Temperature, adopted by the International Conference on the Unification of the Standard of Temperature, held in London, 1901.

The standard is based on the International Standard for the Measurement of Temperature, adopted by the International Conference on the Unification of the Standard of Temperature, held in London, 1901.
