WATER **Onsite Wastewater Board**

Final rule of the Onsite Wastewater Board amends regulations under AAC 628-X-2-.07, -3-.03, -3-.04, -3-.06, -4-.01, and -4-.02 regarding board administrative provisions, licensing, and fees. The rule changes the days of submission of rulemaking petitions to coincide with quarterly board meetings, allows municipal utility contractors to obtain a license, removes a grandfathering provision regarding license renewal that has expired, and deletes the annual inspection of a renewing manufacturer. The rule also allows the board to waive late fees for the continuing education deficiency plan, to refund monies to licensees when appropriate, and to charge a bond suspension reinstatement fee. The rule is effective Sept. 5, 2012. Contact: Mike Talley; Onsite Wastewater Board; (334-269-6800)
